Wishing for a Well

Jennifer Coffey (ChE), Emily Doherty (BME), Christopher Murray (ME), Sydney Tucker (BME), Tammy Zamaitis (BBT)
Great Problems Seminar: Heal the World—Professor Jill Rulfs (Biology) and Professor Helen Vassallo (Management)

Need: To improve reasonable access to water in developing countries.

780 million people lack access to clean water²

Goal

Our goal is to raise \$1,000 by fundraising within the WPI and Worcester community. The money will be donated to UNICEF to install a pump in Togo, Africa.

Why Togo?

Togo, Africa is listed as the #1 country suffering from water borne diseases that can be prevented with a safe water supply.⁶

Account Balance vs. Time

Methods

1. Become a non-profit organization.
2. Secure community donations.
3. Order first shipment of wristbands and water bottles.

\$2

\$4

4. Sell wristbands and water bottles on campus.
5. Donate to UNICEF.
6. UNICEF installs India Mark II pump in Togo, Africa.

\$1,000

Results

We raised **\$1,218** which was donated directly to UNICEF.

A pump will be installed in Togo, Africa.

A community of 1,200 people in Togo will soon have reasonable access to safe water.
